

# ABCs of Fruit

You don't have to choose fruit, but your category must have an item for each letter of the alphabet – maybe vegetables, plants, animals, gemstones.

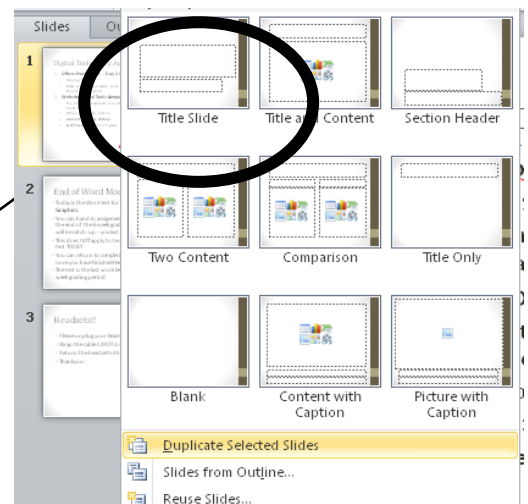

1. Open PowerPoint: **Start>All Programs>Microsoft PowerPoint**

2. Title Slide:

a. Choose a **Title Slide** layout: **Home>New Slide>Title Slide** (it's circled, right)

b. Apply a design: **Design and pull down options** - double click to apply

c. Insert your text

3. Content Slides:

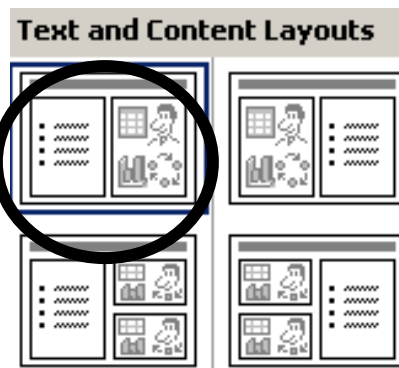

a. Insert a new slide: **Insert>New Slide**

b. You want a Title, Text & Content slide: (it's circled, right) →

c. In the Title Area, type A is for ...

d. In the Text Area, type what A is for (apples)

e. In the Content Area, insert your picture of what A is for

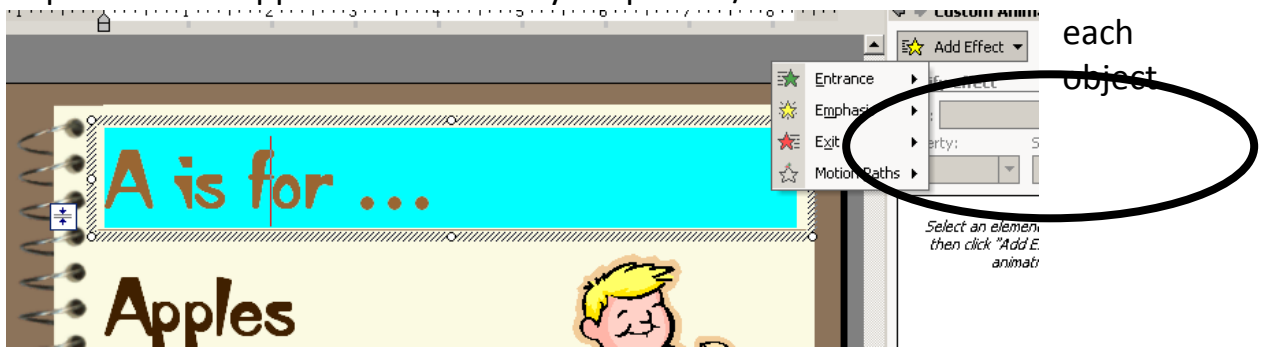

4. Animate your slide:

a. Click on the title

b. **Slideshow>Custom Animation**

c. Click on **Add Effect** and choose one

d. Repeat for the Apples text and also your picture/s. Choose a different effect for each object

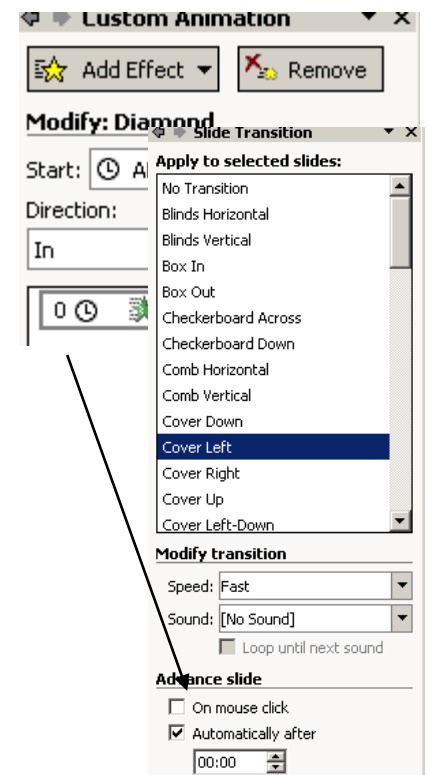

e. Make sure that you don't have the animation on mouse click – have it **After Previous**

5. Slide Transition (moving your slides automatically)

a. **Slideshow>Slide Transition**

b. Choose a different transition for each slide, and make sure that Advance Slide is **NOT** on mouse click

Here are some fruit sites. You can find a fruit for each letter of the alphabet if you look hard!

[http://wiki.answers.com/Q/What animals begin with letters A-Z](http://wiki.answers.com/Q/What%20animals%20begin%20with%20letters%20A-Z) - for animals

**Make sure that you use the same font format on all slides.**

**Each object has a different animation**

**Everything's automatic – animations and transitions**

Everything animated automatically (no mouse)
Different animation on each object.
Same font format throughout (color, font, size)
Use of all letters of alphabet
Same design on slides
Different transition on each slide
At least 1 clipart (correct fruit) per slide
No typos
Correct information for letter
Music playing throughout (loop to make sure)
